

## Sharing Your Faith Story

For most people, this can be an intimidating part of the membership process. Yet when you think about joining a church family, this is one of the most beneficial! We believe everyone has a unique story to tell of how God has powerfully moved in your life. So here are some tips on how to share your testimony:

- Write it down - get your thoughts organized by writing down your story in advance. You can use your imagination and make this fun as well as God-honoring.
- Your story should include information about:
  - Your life before you came to know Christ - What were you like before you were a Christian? What were some of your actions, attitudes & thoughts?
  - How you came to know Christ - When did you first hear about Him and what was your response?
  - Your life since you've come to Christ - What actions, attitudes, or thoughts have changed?
  - What difference has Christ made in your life?
- When presenting your story to an elder (or friend, neighbor, family member, etc.), you can bring and refer back to your written story. This may help ease some nerves!
- Remember - We've been right where you are and we are excited to hear about what God has done in your unique story. Share it with boldness as you remember how God has changed your life.
